Isaac Ikape

Software Engineer (Frontend-Focused)

ikapeisaac3@gmail.com • +234 703 650 3218 • github.com/ikape • linkedin.com/in/ikape • Lagos, Nigeria

PROFILE

Frontend-focused Software Engineer with 5+ years of experience building secure, scalable web and mobile applications using JavaScript, TypeScript, React, Next.js, and React Native. Experienced in automated testing (Jest, Cypress, Playwright), CI/CD, Docker, Sentry monitoring, and Agile development across Linux, macOS, and Windows environments.

SKILLS

Languages: JavaScript, TypeScript, Python, Bash

Frontend: React, Next.js, React Native, Redux, Context API, Tailwind CSS, Shadcn UI

Cloud/Tooling: AWS, Vercel, Netlify, Docker, GitHub Actions, Firebase

Testing: Jest, Cypress, Playwright

Practices: CI/CD, Code Review, Agile/Scrum, Secure Coding

Monitoring: Sentry, Production Debugging, Performance Optimization

EXPERIENCE

Software Engineer (Frontend-Focused) — Value Payment Solutions 05/2025 – Present
Abuja, Nigeria

- Build and maintain frontend interfaces for payment and finance workflows using React and TypeScript, aligned with financial compliance requirements.
- Improve frontend load performance and reliability for high-traffic user flows; introduced Sentry monitoring for faster issue detection and resolution.
- Contribute to CI/CD workflows, Docker-based deployments, and Bash automation to streamline releases.
- Write unit/integration tests (Jest) and end-to-end tests (Cypress, Playwright), reducing regressions in production releases.

Frontend Engineer — NITEON 07/2024 – 01/2026
Remote, United States

- Delivered frontend and mobile features using React Native, Flutter, and Next.js.
- Led frontend performance improvements, increasing page load speed and SEO effectiveness by 20%.
- Integrated Firebase services and implemented secure frontend data flows.

Software Engineer, Contract — SOS Creativity 07/2024 – 12/2024
Manchester, United Kingdom

- Designed and maintained scalable frontend architectures using React and Next.js.
- Implemented secure frontend patterns for authentication, form handling, and API communication.
- Debugged and resolved production frontend issues in high-traffic environments.

Frontend Engineer — Africart Store Enterprise 02/2024 – 12/2024
Lagos, Nigeria

- Designed and developed scalable React and React Native apps for an apartment booking and reservation platform.
- Integrated Laravel REST APIs and managed application state with Context API.

Software Engineer, Remote — Codemanic Software Solutions 08/2023 – 08/2024
Lagos, Nigeria

- Built and maintained scalable React applications using reusable component architectures.
- Refactored legacy frontend codebases, reducing bug rates by 25% through improved testing and code review.
- Led frontend implementation for assigned features, conducted code reviews, and mentored junior developers.

EARLIER EXPERIENCE

- **Full Stack Developer (Volunteer), Navigating with Neol** — 09/2023–12/2024 — improved site performance 15% via optimized MongoDB/Node.js APIs.
- **Software Developer (Intern), Glumia Solutions** — 03/2024–09/2024 — built REST APIs with Node/Express/NestJS; optimized PostgreSQL/MongoDB with TypeORM.
- **Full Stack Developer (Intern), Seedbuilders** — 07/2022–06/2023 — intensive training building CRUD apps and startup MVPs.

SELECTED PROJECTS

- **Afribooking Agent App** — React, React Native, Node.js, MongoDB, AWS, Docker. Property booking platform with in-app payments and push notifications.
- **Africartz User Booking App** — React Native, TypeScript, Tailwind CSS, Laravel. Apartment booking, inspection, and payment flow.
- **NITEON Marketplace** — Next.js, Tailwind CSS, Redux, Node.js, AWS. B2B marketplace connecting African businesses globally.
- **Glumia Solutions** — React.js, Next.js, TypeScript, PostgreSQL, AWS, Firebase. Multi-sector software solutions.

CERTIFICATIONS

- Diploma in Full Stack Web Development — Seedbuilders
- Secure Coding — Secure Application Development
- AWS Cloud Practitioner (in progress)

EDUCATION

- B.Tech, Estate Management & Valuation — Federal University of Technology, Minna (03/2014–10/2018)
